

COME TO MURANO, ITALY TO STUDY WITH  
*Flamework Master Lucio Bubacco*  
AT SCUOLA BUBACCO

**5 Day Workshop**

**October 6<sup>th</sup> through October 10<sup>th</sup>**  
**Beginner to Advanced – working soft soda-lime glass**  
**(104 COE)**

Lucio will be teaching anatomy, architecture, small sculpture work, and the application of the anatomy on a large bead.

Cost of workshop in U.S. currency – 5 Day Workshop - \$1,400.00  
Tools, glass, and torch provided

Accommodations in Murano - \$55.00 per night/per student – two people per apartment

Reservations for class requires a \$700.00 deposit payable by credit card or wire transfer to Scuola Bubacco or contact Deborah Carlson (TA for class) at [dc@deborahcarlson.com](mailto:dc@deborahcarlson.com) for other options.

e-mail of the school is – [scuolabubacco@alice.it](mailto:scuolabubacco@alice.it)  
For more information on the class, school, or Murano, go to – [www.scuolabubacco.com](http://www.scuolabubacco.com)

\*You may arrive a couple of days before the class, and stay up to 5 days after to tour other hot shops and flameworking studios in Murano and Venice. Deborah will be compiling a map, listing the hot shops and flameworking studios in both Murano and Venice. (in English) This will not be set up like a group tour. This is a self-guided tour. You do not have to stay after, or visit other studios. There are no cars on the island of Murano, so plan on either walking everywhere, or taking a boat cab. Deborah will be arriving two days before the class, and staying for 5 days after to assist. You may continue to stay in the student accommodations at the same \$55.00 per night rate. There is a small kitchen (so I'm told) in the apartments and a good grocery store nearby. The class is for 9 students, maximum, and there are already a couple of those spots taken. Don't miss out on this incredible opportunity.
